KDXU

RADIO STATION 1450 KHz

P. O. BOX K
ST. GEORGE, UTAH 84770
801-673-3579

November 8, 1974

Mr. Ernest J. Wesolowski
1416 Pasadena Avenue
Omaha, Nebraska 68107

Dear Mr. Wesolowski:

I am pleased to tender you this verification letter of your recent reception of KDXU on Monday, November 4th, 1974 from 12:19 AM to 12:29 AM Mountain Standard time on 1450 KHz.

Your itemization of events seems to be absolutely correct. Sorry we don't have any cards we can send you to hang on your wall, but hope this letter will suffice as evidence of your reception.

Best wishes in your continued interest in DXing. I really don't know what the DXU stands for in the call letters, if anything, but I tell people it stands for DiXie, Utah. Everything in this area is "Dixie" -- Dixie College, etc., the area being referred to as Utah's Dixie, as it's warm climate here is remininiscent of the real Dixie. In the early days they raised cotton here--and silk worms for silk making, and a variety of semi-tropical fruits. Thus the name.

Sincerely,

L. John Miner

L. John Miner, General Mgr. & Engr.
